

Art Curriculum Milestone 2

Cultural capital is threaded throughout the art curriculum – all classes will look at art and artists from different countries, cultural and ethnic backgrounds and both male and female. They will study art from history and be taught how art has influenced people in the past and continues to do so today.

Materials including card, paper and glitter can be used to layer and create effect. Clay is a type of fine-grained natural soil that can be moulded like plasticine when wet. We thread a needle through its eye. When using running stitch it is important that we thread through the back first so the knot is not visible from the front. Weaving is a process where you interlace threads together to make fabric. The Anglo-Saxons used weaving to make their clothes, sails for their ships, decorations for their houses, blankets, bags and more. The Anglo-Saxons used wool to make their clothes because it was readily available to them and was warm and waterproof.  <p>http://www.topteachingideas.com/Anglo-Saxon-theme.html</p> | <p>To create a package for chocolate, replicate the work of Joycelyn Longdon. As an important contributor to the pop art movement of the 1960s, he is considered one of the most influential British artists of the 20th century. • Laurence Stephen Lowry was an English artist. His drawings and paintings mainly depict Pendlebury, Lancashire, where he lived and worked for more than 40 years. Lowry is famous for painting scenes of life in the industrial districts of North West England in the mid-20th century. • Pencils that are labelled H are harder than those labelled B. A 3B pencil is softer than a 2B pencil which means you can make darker lines. A 5H pencil is harder than a 3H pencil which means the 5H will draw lighter lines. B pencils are good for shading. • Cross hatch shading is where you draw parallel lines in different directions over each other to create shade and to give a drawn object a 3D effect. | <p>Replicate the work of David Hockney and LS Lowry. To use oil pastels.</p> <ul style="list-style-type: none"> • Describe the work of notable artists. • Use some of the ideas of artists studied to create pieces. • Use shading to show light and shadow. • Create and combine shapes to create recognisable forms • Ensure work is precise • Include texture that conveys feelings, expression or movement. • Use different hardnesses of pencils to show line, tone and texture. • Sketch lightly (no need to use a rubber to correct mistakes). • Use different media to create pictures.  |
