

# PARENT'S GUIDE TO SEESAW

## What is Seesaw?

Seesaw is a secure online Learning Journal which will allow us to continue to teach and interact with our children remotely. Children can record their learning using photos, videos, digital creations and comments.

## How does Seesaw work?

Seesaw provides each individual child with their own Learning Journal held online. All our staff also have a secure log-in. They can then upload activities, observations, photos or videos; recording children's achievements and assess their learning.

Seesaw can be used via the internet or on the Seesaw app using the unique code for your child.

## Who can access my Child's Learning Journal?

At school we have access to all of the children's Learning Journals. The only other people that can see your child's account currently will be your own child and their class if their work is shared to the class journal by the teacher.

We really hope that you enjoy using Seesaw and that it helps to keep your child connected with their teachers and peers.

If you have any questions or problems using Seesaw then please let us know by emailing admin with the subject 'Seesaw – Year Group' so that the email can be sent to the appropriate teachers.
